---

Dear Valued Patient,

It is with great pleasure that I, Dr. Chitvan Gupta, write to introduce myself. As Dr. Mariya has mentioned in her letter, I am the new owner of One and Only Dental at Glen Cove. I express my gratitude and excitement about having the opportunity to provide dental services for you and your family and friends.

I am passionate about helping patients improve their oral health and achieve a beautiful smile. I strive to build personal relationships with my patients and try to treat the person, not just the tooth. I am strongly committed to minimally invasive dentistry via training in Biomimetic Dentistry; in particular, the mantra I go by is “*Less dentistry is the best dentistry.*” I have stayed in touch with the latest advancements in dentistry by continuous training at the premier institutes, to offer my patients the most conservative and predictable dental treatment.

I, along with our staff (Beth, Ashley, Noemi, and Laura) and the team of specialists at One and Only Dental, look forward to continuing to provide you and your family the same excellent care as provided by Dr. Malin. If you have any questions or concerns, please do not hesitate to reach out to me.

Very truly yours,

Dr. Chitvan Gupta  
One and Only Dental, Glen Cove
